

COMMUNITY PROVIDER TOOLKIT

WORKING TOGETHER TO SERVE VETERANS

Improving services to Veterans through:

- increased knowledge about military culture and experiences
- communication and coordination of care between community providers and VA
- access to resources and tools for a range of mental health conditions

Thank you for your interest
and commitment to serving
Veterans

The Community Provider Toolkit features pragmatic tools to help healthcare professionals serve Veteran patients better. Increase your understanding of military culture while earning free CEUs. Learn how to connect with VA and access critical resources for treating a variety of mental health conditions.
