

# SAT/ACT Prep

*The eKnowledge SAT/ACT Prep Project with National Association of American Veterans enters its 14<sup>th</sup> year.*

The Project waives the \$350 program price so the student pays only the \$19.99 streaming and support fee. All student fees are reinvested to improve the program and reach more families. The Project does not create a profit.

*"Thank you for helping a surviving military child prep and be successful for the ACT. I would not be able to afford a program like this for him, without your help!" **Kristy Stanley***

*"I purchased this last year for my freshman daughter. She already took the SSAT and the PSAT10 and has done well on both. In fact, she has been given an academic scholarship to a prep school for her Junior and Senior years. We believe the program gave her an advantage over her peers. I have renewed the SAT study and purchased the ACT as well. I know this will prepare her for college." **Suzanne Senechal***
