

Here's a New Way to Support the National Association of American Veterans!

National Association of
American **Veterans**™

*Serving Our Nation's Service Members and Veterans
with Honor and Respect*

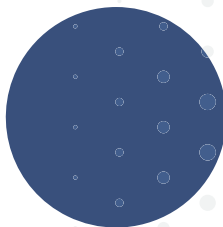

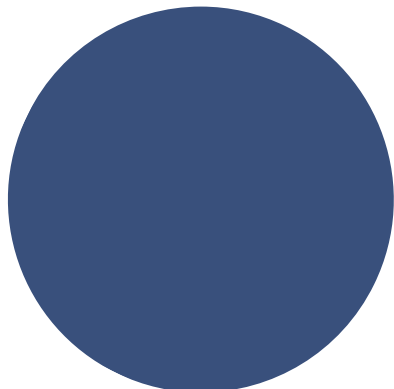

Thank you for supporting the National Association of American Veterans! Your support enables our mission to assist service members and disabled veterans and their dependents, particularly severely wounded warriors and single-parent service members and veterans, by helping access their benefits; improving communication and coordination with VA; and collaborating with the VA and other veterans groups, health agencies, medical professional organizations, educational organizations, and the public in support of veterans, their families, and military caregivers. We're excited to announce a new opportunity that has the potential to dramatically increase our program funding!

The National Association of American Veterans has partnered with ACN, the world's largest direct-selling telecommunications and home services company in the world. ACN operates in 24 countries, has more than a million customers and annual revenues exceeding half a billion dollars. They provide services including wireless, local and long distance telephone, high speed internet and voice, home security, satellite TV, energy, and solar in select markets!

Through a special agreement with ACN, when anyone in our 'Affinity Group' (National Association of American Veterans members, their family, donors, volunteers, etc) transfers existing or order new services from ACN, the National Association of American Veterans will receive a commission from ACN for as long as the services are in use. This program requires no additional out-of-pocket expense - it's a simple redirect of money you're already spending for services you need and use every day!

To review and order ACN services, go to our ACN/National Association of American Veterans website at www.naavets.acnpartner.com. If you have any questions or need assistance transferring existing or ordering new service, please contact Constance Burns at burnsc1@verizon.com or Alexandra Deschamp at dyanstyblessings@gmail.com or you can call at 858-829-8480.

Thank you again for supporting the National Association of American Veterans!
