If you are facing eviction, have landlord or tenant problems, have creditor issues, are having your wages wrongfully garnished, are facing a divorce or need to file a divorce, need help with child support, visitation, or other domestic relations issues, you should come to the Monthly Legal Clinic.

If you are in need of legal help, you can see an attorney almost immediately by attending a Monthly Legal Clinic.

The only requirements are that:

You are a Veterans of the United States Armed Forces.

You cannot afford an attorney and your income demonstrates that.

Your case is not fee-generating.
