

INTRODUCING THE INDEPENDENCE LINE

1-855-341-5456 Open 8am to 12am EST

Loyal Source and The Independence Fund launched the "Independence Line," a call center to assist U.S. Veterans, Afghans, and their friends and family navigate issues with the Afghanistan withdrawal. This call center will assist both Afghans in the United States now who served shoulder to shoulder with our U.S. Service Members, and the U.S. Veterans themselves.

The Independence Line takes incoming requests for assistance to Afghan who are resettling here in the US, with a focus on:

- housing
- food
- mental health
- health care
- clothing
- legal assistance
- and much more

The call center also aids U.S. Veterans, their Caregivers, and their families to find assistance and proper mental health counseling to address issues which may arise from the current situation in Afghanistan. U.S. Veterans and their families are encouraged to reach out to Independence Line as well as our Afghan allies and ask for help.

The call center will conduct assessments and work with our team to find services to fill the gaps in the current system and most importantly – The Independence Line will not turn anyone away.
