

Wellness Works!

Jan. 2022

Personal Journey

Engagement and Care Team Preparation

Introduction into the wraparound process
Identify concerns, needs, strengths and vision

Individualized Care Plan Development

Meet with Care Team
Establish vision and develop strategies
Develop Individualized Plan of Care, distribute and assign tasks

Individualized Care Plan Implementation

Meet to go over tasks
Must review accomplishments, assess plan with respect to achievements, adjust what's not working, assign new tasks

Transition

Transition occurs when Individualized Care Plan goals are met
Person can facilitate own Care Team
3+ natural or informal supports

Workflow:
